CAMBRIDGE BIO
Provider of Quality Products for Life Science

Cat No.:	01-02-0517
Type:	Recombinant Protein
Source:	HEK293
Genbank No.:	ABP51969
Applications:	WB standard, antibody ELISA, immunogen
Formulation:	Each vial contains 100 ug purified protein(1mg/ml) in PBS(pH7.4).
Purity:	>95%
Storage:	Store at -80°C, Avoid freeze / thaw cycle.
Limitation:	For research use only, not for use in diagnostic procedures.
