

Antibody Detection Kit for H5N6 Hemagglutinin Specific Human IgG(ELISA)

Cat No.:	07-02-0150
Product Name:	Antibody Detection Kit for H5N6 Hemagglutinin Specific Human IgG(ELISA)
Description:	Antibody Detection Kit for H5N6 Hemagglutinin Specific Human IgG(ELISA)
Type:	ELISA Kit
Property:	ELISA Kit
Applications:	Antibody Detection Kit for Influenza virus H5N6 Hemagglutinin (HA) specific human IgG is developed for qualitative analysis of anti-H5N6 IgG concentrations in human serum.
Storage:	Store at -20°C,Avoid freeze / thaw cycle.
Limitation:	For research use only,not for use in diagnostic procedures.
