| Cat No.:      | 01-01-3303                                                                               |
| Product Name: | anti-gp120(HIV-2/UC_1)                                                                   |
| Description:  | anti-gp120(HIV-2/UC_1)                                                                   |
| Type:         | Antibody                                                                                 |
| Property:     | IgM                                                                                      |
| Source:       | Mouse                                                                                    |
| Applications: | WB ,ELISA ,IP ,IF                                                                        |
| Immunogen:    | DNA vaccine expressing gp120 (HIV-2/B_UC1) protein<br>(a.a.22-513) (Genebank #: Q76638). |
| Specificity:  | Strain specific                                                                          |
| Purity:       | >95%                                                                                     |
| Storage:      | Store at -20°C ,Avoid freeze / thaw cycle.                                               |
| Limitation:   | For research use only ,not for use in diagnostic procedures.                             |
