

## anti-p24

|               |                                                                              |
|---------------|------------------------------------------------------------------------------|
| Cat No.:      | 01-01-3252                                                                   |
| Product Name: | anti-p24                                                                     |
| Description:  | anti-p24                                                                     |
| Type:         | Antibody                                                                     |
| Property:     | IgG1                                                                         |
| Source:       | Mouse                                                                        |
| Applications: | WB ,ELISA ,IP ,IF                                                            |
| Immunogen:    | DNA vaccine expressing Gag protein (Clade C) of HIV-1(Genebank No. AAB61122) |
| Specificity:  | Pan                                                                          |
| Purity:       | >95%                                                                         |
| Storage:      | Store at -20°C ,Avoid freeze / thaw cycle.                                   |
| Limitation:   | For research use only ,not for use in diagnostic procedures.                 |
