

## anti-p24(Clade C)

|               |                                                              |
|---------------|--------------------------------------------------------------|
| Cat No.:      | 01-01-3240                                                   |
| Product Name: | anti-p24(Clade C)                                            |
| Description:  | anti-p24(Clade C)                                            |
| Type:         | Antibody                                                     |
| Property:     | IgG1                                                         |
| Source:       | Mouse                                                        |
| Applications: | WB ,ELISA ,IP ,IF                                            |
| Immunogen:    | DNA vaccine expressing Gag protein (Con_C) of HIV-1          |
| Specificity:  | Strain specific                                              |
| Purity:       | >95%                                                         |
| Storage:      | Store at -20°C ,Avoid freeze / thaw cycle.                   |
| Limitation:   | For research use only ,not for use in diagnostic procedures. |
