

Cat No.: 01-02-0354  
Type: Recombinant Protein  
Source: HEK293  
Genbank No.: ACP41953  
Applications: WB standard, antibody ELISA, immunogen  
Formulation: Each vial contains 100 ug purified protein(1mg/ml) in PBS(pH7.4).  
Purity: >95%  
Storage: Store at -80°C, Avoid freeze / thaw cycle.  
Limitation: For research use only, not for use in diagnostic procedures.
