

## Anti-H12(H12N5)

|               |                                                                                 |
|---------------|---------------------------------------------------------------------------------|
| Cat No.:      | 01-02-1251                                                                      |
| Product Name: | Anti-H12(H12N5)                                                                 |
| Description:  | Anti-H12(H12N5)                                                                 |
| Type:         | Mouse monoclonal Antibody                                                       |
| Property:     | IgG1                                                                            |
| Source:       | Mouse                                                                           |
| Applications: | ELISA, Neut., IP, IF                                                            |
| Formulation:  | Each vial contains 100 ug purified IgG in 100 ul PBS(1mg/ml) with 40% glycerol. |
| Specificity:  | As indicated                                                                    |
| Purity:       | >95%                                                                            |
| Storage:      | Store at -20°C, Avoid freeze / thaw cycle.                                      |
| Limitation:   | For research use only, not for use in diagnostic procedures.                    |
