

Antigen 85-C (M. Tuberculosis/H37Rv)

Cat No.:	01-00-0005
Product Name:	Antigen 85-C (M. Tuberculosis/H37Rv)
Description:	Antigen 85-C (M. Tuberculosis/H37Rv)
Type:	Protein
Property:	Purified recombinant protein
Source:	E.coli
Applications:	WB standard, Ab ELISA, immunogen, etc.
Formulation:	Each vial contains 100 ug purified protein(1mg/ml) in PBS(pH7.4).
Immunogen:	C-terminal 6xHis fusion protein of antigen 85-C (Rv0129c) (M. Tuberculosis/H37Rv)(a.a.1-344) (Genbank Accession No. NP_334547). Predicted to be an esterase.
Purity:	>95%
Storage:	Store at -80°C, Avoid freeze / thaw cycle.
Limitation:	For research use only, not for use in diagnostic procedures.
