S (RBD) (Bat SARS-like coronavirus/WIV1)

Cat No.:	01-03-0019
Product Name:	S (RBD) (Bat SARS-like coronavirus/WIV1)
Description:	S (RBD) (Bat SARS-like coronavirus/WIV1)
Type:	Purified protein
Source:	Recombinant protein purified from HEK293 cell culture
Genbank No.:	KC881007
Applications:	WB standard, Ab ELISA, immunogen, etc.
Formulation:	Each vial contains 100 µg of purified protein (1 mg/ml) in PBS (pH7.4)
Purity:	>95%
Protein:	C-terminus 6xHis tagged recombinant Spike receptor binding domain (RBD) of (Bat SARS-like coronavirus/WIV1) (a.a. 306-527) (GenBank#: KC881007) protein.
Storage:	For short term, store at 4oC, stable for 1 month. For long term storage, aliquot and freeze at -80 °C. Non-hazardous. No MSDS required.
Limitation:	For research use only, not for use in diagnostic procedures.
